Dear Friends,

ITF Action Week, Transport Workers Fighting Back – Organising Globally! 5-11 October 2015

I would like to take this opportunity to thank again all unions that took part in the ITF Action Week Campaign in 2014. The Action Week was very successful, with road transport and railway workers' unions from around the world organising a wide range of activities at both national and regional level during the week. I am attaching the report of the events, which is a compilation of the information that unions provided us with.

ITF Action Week 2015

As agreed at the Joint meeting of the ITF Railway Workers' Section Steering Committee and the ITF Road Transport Workers' Section Steering Committee held in March 2015, the ITF Action Week in 2015 will be held on:

5-11 October 2015

As in the past few years, 7 October is set as the ITUC's World Day for Decent Work (WDDW) and many affiliates participate in the national events on this day.

As in 2014, our campaign slogan for the Action Week in 2015 will be "Transport Workers Fighting Back – Organising Globally!" This encompasses the broad themes outlined in the ITF 43rd Congress Theme document including the 'four levers' strategy to strengthen the ITF's power:

- consolidating key hubs and corridors
- influencing lead industry players
- activating mass membership
- following geographic shifts.

At the meeting of the Section Steering Committees in March, a number of themes to be highlighted during the ITF Action Week were discussed. These include: railway safety, campaigns against railway privatisation, container safety, the right to strike, safe rates, climate change, Uber.

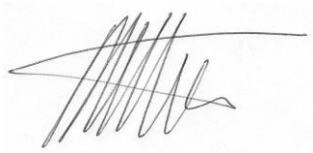

More details, including campaign materials and information on topical days during the ITF Action Week, will follow in due course.

In the meantime, I am attaching a copy of a form which I ask you to fill in with details of your union's contact person(s) and your planned activities for Action Week 2015. If your plans are not confirmed at this stage, please designate your contact person nevertheless and tick the box "contact us later".

Please, keep us informed about the outcomes that your union has achieved as a result of the Action Week so that they can be shared with ITF affiliates worldwide to inspire future campaigns and victories.

Should you have any queries, please, do not hesitate to contact us. We hope that our affiliates around the world will unite to build a successful Action Week in October 2015.

Yours in solidarity

Mac Urata
